Women Who Wear Well. It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neelect. Few young women appreciate neglect. Few young women appresiate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding the control of the come with marriage and motherhood, not understanding the control of the that this secret drain is robbing the cheek of its freshness and the form of its

fairness.

As surely as the general health suffers wher there is derangement of the health of the delicate woman's organs, so surely when these organs are astablished in health the roce and of me to one witness to the fact in readwed comelmons. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredi-

vorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar aliments.

For nursing mothers, or for those brokendown in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar aliments.

But I can now surely kill the pains and pangs of tails deplorable discase. In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Eheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism: but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those smallike granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, those poisonous waster freely pass from the system, and the cause of Rheumatism is gone forever. There is now neal need—no actual excuse to suffer longer withput help. We sell, and in confidence recommend

"Last winter I caught a very severe cold which lingered for weeks," says J. Urqubart, of Zephyr, Ontario. "My ough was very dry and harsh. BOGUS RELICS.

An alleged copy of Noah's diary upon a copper table, dug up in Michigan and offered for sale to a Wisconsin collector, has resulted in uncovering one of the leverest relic swindlers of recent years. A former secretary of state is claimed to be implicated in the affair, and with bim are a university museum curator and ther Michigan men.

Michigan copper formed the basis of the enterprise, which consisted in manufacturing ancient relics out of copper ainting them green to represent verdieris, dipping them in corrosive seid and burying them in the mounds, after which they were dug up by relic hunting expeditions under the leadership of the pro-

The affidavits of prominent citizens hat they had seen the relics dug out of be ground were sufficient to secure their sale to credulous collectors. Indian copper implements, battleaxes or leaf copper, well-tempered spear heads and other supposed rare and anciently coroded relics that have been tressured in Michigan and outside museums are de clared to be bogus, with the result that all collections of the sort are thrown

under more or less suspicion. As a finishing touch to a gigantic windle the relic manufacturers branched ff from Indian relic. They went so far as to dig up in the presence of repucable witnesses bronze tablets inscribed with hieroglyphics and symbols of the Biblical deluge and the tower of Babel.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off." writes G S. Clark of Westfield, lows, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggist, 50c and \$1.00. Trial bottle free.

Ely's Cream Baim has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine closet among the reliable hous-hold remedies, where it is kept at hand for use in treating sold in the head just as soon as some member of the household begins the preliminary smeering or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chreats and real into a bed esse of catarra.

MR. BRYAN'S CANDIDACY.

Col. Henry Watterson was saked yesterday in Boone, Iowa, for his opinion on William J. Bryan's tentative acceptance of the democratic presidential nomination. He declared he had labored with Bryan to have him decline the nomination and to quit his "dog in the manger" attitude. Colonel Watterson said he realized that Bryan had it in his power to demand the leadership of the democratic party in 1908 or "defeat any other candidate by knifing him, as he did Parker.

Bryan's acceptance was no more than he had expected, however greatly as he regretted the action, because he thought Brean could no longer create enthusiasm as he had done before the people too

many times.

Asked about the assertion often made that the next President would be Roosevelt or Bryan, Colonel Watterson said that the nomination of Roosevelt was all Bryan supporters wanted, because they could then go to the people on the third term slogan. Bryan could carry New England in such a campaign, he thought. Roosevelt, by such an act, would Mexi-cauize this government, holding himself

as greater than Washington. As for himself, much as he disliked to do so, Colonel Watterson would vote for Bryan against Roosevelt in such a dilemma. He believed, however, that Roosevelt would decline another nomination, as he had nothing to gain and Washington street. the republican party had many men of presidential caliber.
